WORK EXPERIENCE

FREELANCE WEB DEVELOPER

Milad Latif Web Development & feynman studio | Oct 2019 – Present

- Set up my own freelance web development business @ <https://miladlatif.co.uk>.
- Collaborated with a peer to create our own web development agency @ <https://feynman.studio>.
- I have built websites using HTML, CSS, JavaScript and E-Commerce solutions using WordPress.
- Projects I've worked on can be found online: <https://miladlatif.co.uk> & <https://feynman.studio>

CO-FOUNDER

Uptick Expert | May 2020 – Present

- Uptick Expert is a chrome browser extension which provides a platform for academic experts, to verify content on the web.
- Built the landing page and chrome extension in ReactJS. Back-End was built using MongoDB, NodeJS and Express.
- More info at <https://uptickexpert.com>
